Dear Dr. Jurczyszyn,

This letter is to confirm that you served as a co-principal investigator on an approved Center for International Blood and Marrow Transplant Research study within the Plasma cell disorders and Adult solid tumors working committee titled, "MM18-03: To compare the outcomes in young patients with multiple myeloma at diagnosis undergoing upfront autologous hematopoietic stem cell transplant with older patients in the US: progression-free and overall survival."

This study was presented as an oral presentation at the 2019 Annual Meeting of the American Society of Hematology and published in Cancer journal in 2020 with an editorial.

Sincerely,

Anita D'Souza, MD, MS
